

18 December 2020

Pre-announcement of the 2021 Joint Call on

“Circularity in mixed crop and livestock farming systems, with emphasis on greenhouse gas mitigation”

The ERA-NET Cofunds **SusAn** (Sustainable Animal Production Systems), **FACCE ERA-GAS** (Monitoring & Mitigation of Greenhouse Gases from Agri- and Silvi-culture), **ICT-AGRI-FOOD** (ICT-enabled agri-food systems) and **SusCrop** (Sustainable Crop Production) will launch a joint call for transnational interdisciplinary research projects.

Further information on the call will be published mid of January 2021 on the webpages of the ERA-NETs. The call-launch with full details of scope, application process and timeline is foreseen for early February 2021.

This call is about research on (re-) integration of crop and livestock farming systems with the aim to enhance circularity between these systems and thereby improve the sustainability of farms.

To date the following countries are funding the 2021 Joint Call:

Basque government		Germany		Poland	
Belgium, Flanders		Hungary		Romania	
Bulgaria		Ireland		Slovakia	
Denmark		Italy		The Netherlands	
Estonia		Lithuania		UK	
Finland		New Zealand			
France		Norway			

Note: Details presented in this pre-announcement may be subject to change before the launch of the call.
