

S3 Thematic Platform on Agri-food: Vision for Agri-food R&D

Dr. Katerina Ciampi Stancova

Current situation

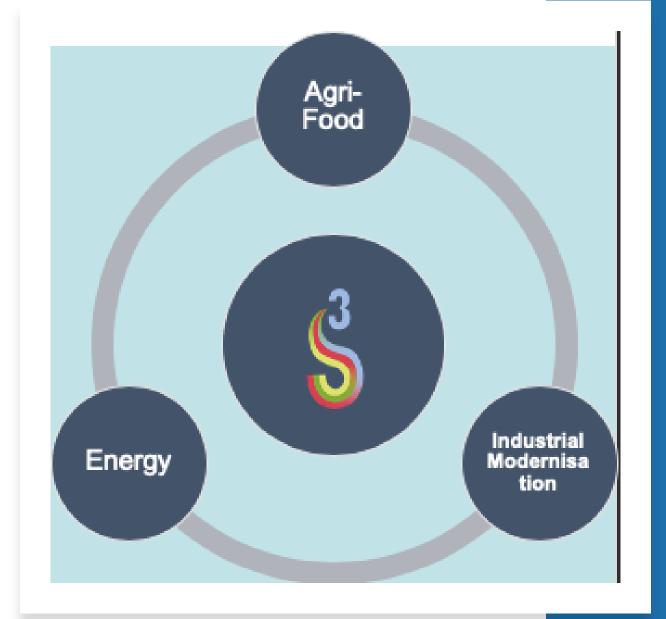

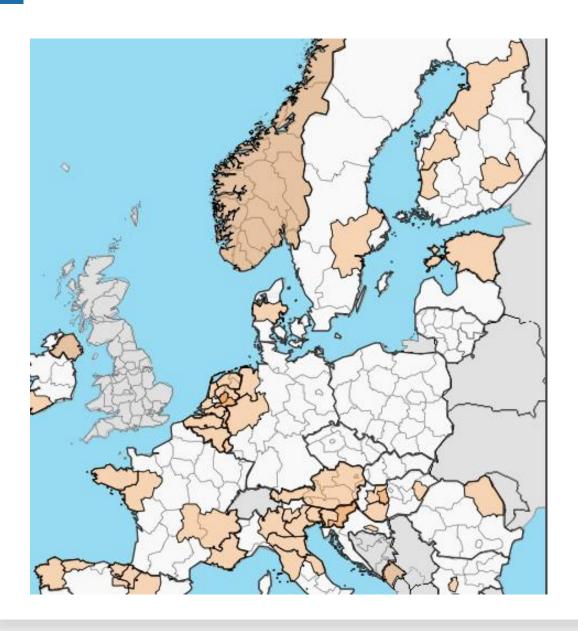

Smart Specialisation Thematic Platforms

- Launched in 2015-2016
- 220 national and subnational authorities from 35 EU and non-EU countries
- 33 Thematic Partnerships
- EC services across Directorate-Generals participate

S3P Thematic Platform on Agri-food

- 59 national and subnational territorial units from 23 countries (19 EU countries and 4 non-EU)
- The majority are from Italy (11), Spain (8), Netherlands (6), Finland (4), France (4), Hungary (4)
- Five Partnerships:
 - Consumer Involvement in Agri-Food (4),
 - High-tech Farming (34),
 - Nutritional Ingredients (10),
 - Smart Sensors for Agri-Food (16)
 - Traceability and Big Data (22)

INTERNATIONAL SMART SPECIALISATION AGRI-FOOD PARTNERSHIP

Consumer Involvement in Agri-food Innovation

CONTRIBUTION TO SDGs

PARTNERSHIPS AND COLLABORATION

PARTNERS

The Partnership connects 4 regional and national administrations from 4 countries: Food Valley/ East Netherlands, Östergötland/East Central Sweden, Central Denmark, South Ostrobothnia.

ACTION

PROBLEM 4

Malnutrition in an ageing population threatening their health and leading to greater demands on healtcare.

INNOVATION 4

INTERNATIONAL SMART SPECIALISATION AGRI-FOOD PARTNERSHIP

High Technology Farming

CONTRIBUTION TO SDGs

PARTNERSHIPS

PARTNERS

AND COLLABORATION

The Partnership connects 34 regional and

national administrations from 18 countries

(15 EU and 3 non-EU countries) with a strong

priority related with the innovation and adoption

ACTION

PROBLEM 4 Modernisation of four food value chains: arables, horticulture, protected cultivations and livestock

INTERNATIONAL SMART SPECIALISATION AGRI-FOOD PARTNERSHIP

Smart sensors for sustainable, resilient and smart food system

CONTRIBUTION TO SDGs

ACTION

PARTNERSHIPS AND COLLABORATION

PARTNERS

The Partnership connects 16 regional and national administrations from 12 countries: Flonders, Wallonia, Asturias, Attica, Austria, Auvergne Rhône-Alpes, Bretagne, Central Denmark, Galicia, Central Transdanubian Region,

PROBLEM 4 The barriers for agri-food companies to access and implement the newest smart sensor systems.

INNOVATION 4

The Partnership supports business ecosystem by

INTERNATIONAL SMART SPECIALISATION AGRI-FOOD PARTNERSHIP

Building new and sustainable value-chains for innovative ingredients

CONTRIBUTION TO SDGs

PARTNERSHIPS AND COLLABORATION

The Partnership connects 10 regional and national administrations from 7 countries: Wallania, Flanders, Galicia, Asturias, Central Denmark, Emilia-Romagna, Provence-Alpes-Côte

ACTION

PROBLEM 4

Adaptation of farmers, food companies, retailers to consumers' demand for sustainable and healthy products, by suggesting differentiated products (food quality and functionality, safety,

digitisation in the European agri-food value chain involving 22 regional and national administrations from 11 countries (10 EU and 1 non-EU country): Andalusia, Emilia-Ramagna. Aragan, Basque Country, Bretagne, Central Macedonia. Cork County, Extremadura, Friuli Venezio Giulia, Galicia, Hadiù-Bihar, Limbura, Middle Black Sea, Navarra, Northern Ostrobothnia, Pays de la Loire, Pazardzhik, Sardinia, Satakunta, South Ostrobothnia, South Savo, South Transdanubian

STAKEHOLDERS

The Partnership developed regional nodes by connecting more than 1,600 stakeholders. including companies, industries, universities, tradeunions and civil associations across EU countries and some non-EU countries.

WEBPAGE

https://europa.eu/bT88Gk

INTERNATIONAL SMART SPECIALISATION AGRI-FOOD PARTNERSHIP

Data boosting a more sustainable, responsible and competitive agri-food sector

CONTRIBUTION TO SDGs

PARTNERSHIPS

AND COLLABORATION

ACTION

PROBLEM 4

Insufficient digitalisation of agri-food sector

INNOVATION .

The main objective of the Partnership is to encourage, motivate and facilitate the incorporation of the necessary digital technologies in the agri-food sector value chain to make progress towards digital economy.

EXAMPLE OF PROJECT: 4 COMPLAT

Is a project that offers a communication and traceability tool for the agrifood value chain. connecting food producers processors, retailers, distributors and consumers.

SUSTAINABILITY 4

More sustainable, responsible and competitive agri-food sector

OSTRON

Traceability & Big Data Partnership initiatives

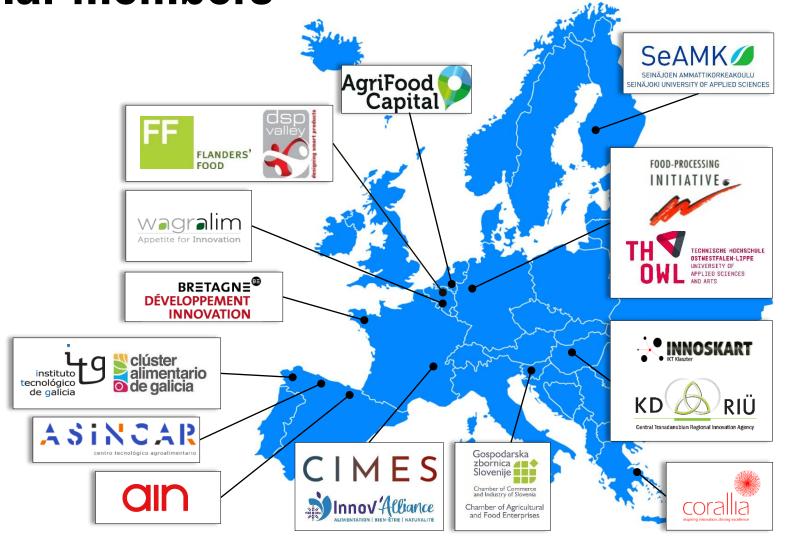

Focused on creating opportunities for

cross-collaboration:

- **☐** Scouting process: looks for initiatives, projects and pilots developed within the regions involved in the Partnership (TRL \geq 5).
- ☐ Surveillance unit: matches initiatives detected in the scouting process with opportunities for participating on interregional projects (e.g. H2020, Green Deal calls, etc.).

Regular members

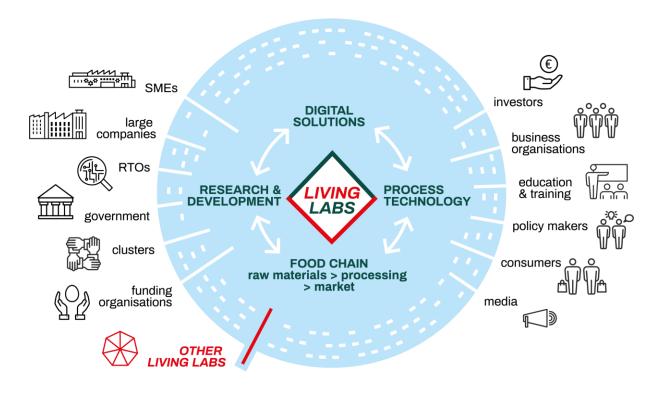

SMART SENSORS 4 AGRI-FOOD: OBJECTIVES

SET-UP A NETWORK OF INTERLINKED, OPEN ACCESS LIVING LABS TO FACILITATE THE IMPLEMENTATION OF SMART SENSOR SYSTEMS IN THE AGRI-FOOD INDUSTRY:

LIVING LAB IN THE INNOVATION ECOSYSTEM

the innovation system linked to the digitalization of the agri-food industry and central position of the living labs

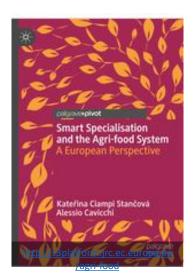

JRC SCIENCE FOR POLICY REPORT

Food and gastronomy as elements of regional innovation strategies

https://regions.regionalstudies.org/ezine/article/interr

Vision

Interregional collaboration support after 2020

Interregional Innovation Investments: commercialisation and scaling up of interregional innovation projects having the potential to encourage the development of European value chains (component 5) (ETC Art 3.5)

- Strand 1 Financial and advisory support for investments in interregional innovation projects
- Strand 2 Financial and advisory support to the development of value chains in less developed regions
- + learning activities, evaluation and capitalisation

For the World of the future we need ...

- Leadership, institutional capacities and innovative ideas
- R&I intelligence at local levels
- Knowledge, skills, competencies
- Alignment among strategies (objectives), funds (instruments) and stakeholders (critical mass, demand driven, impact)
- Transnational collaboration and Partnerships

Thank you!
